Electronic Handheld Override

Hotels need reliable, emergency access to safes – a feature not often available on low-end models or those from big-box stores. Safemark's industry-leading audit details the last 240 events with the full identity, time, date and method used to open and close the safe. This comprehensive audit trail saves both time and money while reducing fraudulent liability claims.

5 Year
Manufacturer's
Warranty

EHO Features

- ▣ Windows® Software
- ▣ Multi-Level Password Security
- ▣ PC/Network Backup Capabilities
- ▣ Industrial-Strength Handheld
